

# MERIT...

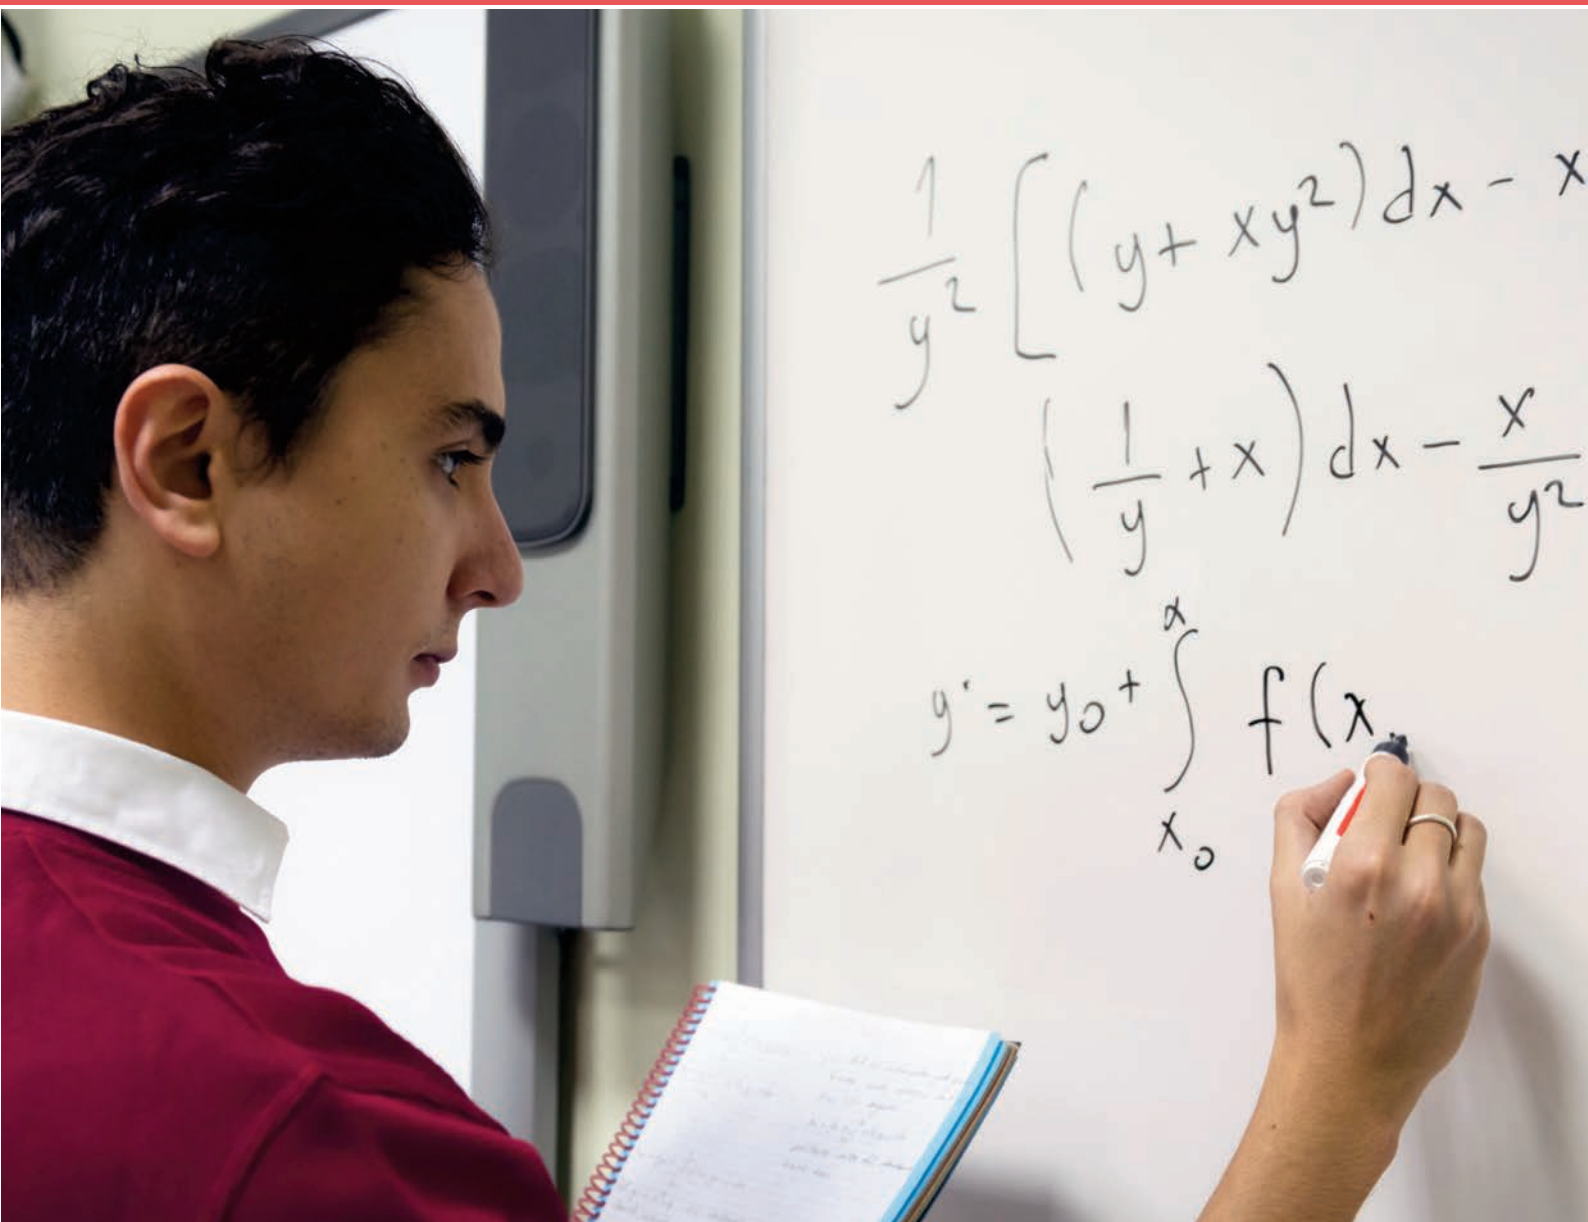

...provides educational support for students with medical/mental health needs; as home tuition, personal tuition, in hospital or in a small school as a stepping stone for their progression.

Outreach support also available.

# MERIT School...

...is short stay, holistic and personalised with curriculum opportunities for high level qualifications. Wellbeing and education combined in a safe and supportive environment.

Strong relationships and guided personal growth lead to success.

# Home and personal tuition...

...provides educational entitlement for those medically unable to attend school. The close links with the Merit school give many opportunities to achieve. Caring, experienced staff guide and support learning in a variety of settings.

# Hospital education...

...takes place both at the bedside and in the purpose built classroom. Experienced staff ensure education is not missed and they provide support and learning which is linked with the mainstream school.
